

Covid-19 Policy and Protocols for County Arts Lab Courses/Workshops

The Prince Edward County Arts Council (County Arts) is committed to providing a safe environment for learning, creation, and connection at the County Arts Lab.

All County Arts Lab course/workshop participants are required to comply with the following safety protocols:

- Beginning with our Late Spring 2023 Session, we are moving to masking on a class by class basis. Detailed information can be found on your class registration page. (We can supply procedural/medical-grade masks to participants upon request.)
- Ensure they pass the [Symptom Screening](#) before coming. In addition, we ask that everyone wear a mask for 10 days after any symptoms appear as per [Ontario government guidance](#).
- Respect the personal space of others.
- Sanitize/wash hands as necessary.

Please note that we will be running an **air purifier** that captures virus particles down to 0.1 microns at 99.97% effectiveness during courses.

Thank you for your cooperation as we endeavour to keep our community safe.
